

1. Can you provide a sample of a winning bid to avoid over/under bidding?

We do not provide samples of proposals or share current vendors' prices. The judiciary intends to award a contract or contracts resulting from this solicitation to the responsible Offeror(s) whose offer(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation. Selection of vendors with whom the Probation/Pretrial Services Office will establish BPA's will be based on technical acceptability and the lowest price to the Government. Please refer to Section M - Evaluation Factors for Award for more information.

2. Should I have waited to send in the RFP until the questions and answers were sent out?

Offeror(s) do not have to wait until Q&A form is available to submit their proposal(s).
